1	Effect of Leaf Spring Curvature and Shape on Its Static and Dynamic Performance Aveen Ahmed Abdulkareem Asst. Lecturer. /Mech. Eng. Dept. University of Baghdad/ College of Eng./Baghdad/ Iraq	1-15
2	Resource Management Technique for IoT in Fog Computing Supported by Distributed SDN Ahmed Jawad Kadhim Computer Engineering Department/Ferdowsi University of Mashhad/Mashhad, Iran Seyed Amin Hosseini Seno Computer Engineering Department/Ferdowsi University of Mashhad/Mashhad, Iran	16-28
3	Removal of Acid Blue Dye from Industrial Wastewater by using Reverse Osmosis Technology Assist. Prof. Shahlaa Esmail Ebrahim /Environmental Engineering Department / University of Baghdad Prof.Thamer J. Mohammed/ University of Technology /Chemical Dpartment Hasanain Owaid Oleiwi /College of Engineering/University of Baghdad	29-40
4	Noise Pollution in Baghdad City (A study of urban sound in districts of Baghdad city) Tahrir Taki Ali Al-Musawi / Lecturer / Architecture Dept. / Mustansiryia University- Baghdad, Iraq Ashwaq Fadhel Muhkaber Alomariy / Lecturer / Architecture Dept. Mustansiryia University- Baghdad.	41-48
5	Effect of High Temperature (Fire Flame) on the Behavior of Post-Tensioned Concrete Beams Dr. Amer Farouk Izzet/ Department of Civil Engineering/University of Baghdad/ Iraq Zahraa Hussien AL-Dulffy// Department of Civil Engineering/University of Baghdad/ Iraq	49-68
6	Investigating the Vertical Integration State and Requirements in Iraqi Construction Sector Dr. Ahmed Mohammed Raof Mahjoob /Engineering College/Baghdad University Farah Amer /Engineering College/Baghdad University	69-87
7	Design Of Superscalar SHA-1 & SHA-2 MIPS Processor Using FPGA Laith F. Jumma / Computer Engineering Techniques College of Electrical and Electronic Techniques/Iraq Asst.Prof. Safaa S. Omran / Computer Engineering Techniques College of Electrical and Electronic Techniques/Iraq	88-99
8	Computation of Deformation in Networks Geodetic by Least Squares Method and Ellipse of Errors Mr. Yousif Hussein Khalaf(Lec.) Engineering College University of Baghdad, Iraq Mrs. Nagham Amer Abdulateef (Lec.) Engineering College University of Baghdad, Iraq Mr. Alaa Dawood Salman (Ass.Prof.) Engineering College University of Baghdad, Iraq	100-109
9	Adsorption-Precipitation Mechanisms for Cadmium Removal from Polluted water Prof.Dr. Ayad Abd Al-Hamza Faisal/ Department of Environmental Engineering College of Engineering, University of Baghdad. Hadeel Kareem Jasim/Department of Environmental Engineering College of Engineering, University of Baghdad	110-125

10	Effect of Columns Discretization on P-δ Analysis Dr. Salah R. Al Zaidi/Lecturer, Civil Eng. Dept., /College of Engineering, University of Baghdad Dr. Hayder A. Al-Baghdadi/Lecturer, Civil Eng. Dept., /College of Engineering, University of Baghdad. Aqeel T. Fadhil/ Assistant lecturer, Civil Eng. Dept., /College of Engineering, University of Baghdad	126-136
11	Material Characterization and Fatigue Analysis of Lower Limb Prosthesis Materials Asst.Prof. Dr. Mohsin Al-Shammari/Engineering College /Baghdad University \ Iraq Ahmed Kh. Abd Alameer/Engineering College /Baghdad University \ Iraq	137-154
12	Performance Study for Mixed Transforms Generated by Tensor Product in Image Compression and Processing Lecturer Zainab Ibraheem /Baghdad University-Eng. College-Electrical Dept. Lecturer Saifuldeen A. Mohammed/Baghdad University-Eng. College-Electrical Dept Eng. Nabeel Jameel Tawfiq Eng. Abdullah Abdali Jassim/Baghdad University-Computer Center	155-168
13	Slow sand filtration as a tertiary treatment for the secondary effluent from sewage treatment plant Dr. Awatif Soaded Alsaqqar/ Assistant professor / Engineering College University of Baghdad Dr. Basim Hussein Khudair/ Assistant professor/ Engineering College University of Baghdad Dr. Ahmed Makki Al-Sulaiman/ Lecturer/ Engineering College - University of Qadissyiah	169-179
14	Estimation of the Total Dissolved Salts by Hydrometer Test Maysam Th. Al-Hadidi /Assistant professor/College of Engineering – University of Baghdad Balqees A. Ahmed /Lecturer/College of Engineering – University of Baghdad Baqer Abdul Hussein Ali/Assistant lecturer/Council affaires -University of Baghdad	180-199
15	Experimental Study for Horizontally Curved Box Girder Bridges with Special Reference to the Live Load Moment Distribution Factor Dr. AbdulMutlib I. Said / Department of Civil Engineering/University of Baghdad/Iraq Hashim Khalaf Lateef/Department of Civil Engineering/University of Baghdad/Iraq	200-215
16	Electrochemical Behavior of C6.9 Mild Steel Corrosion Inhibition in Phosphoric Acid Using Extracted Aqueous of Red Pomegranate Peels Dr. Khalid Hamid Rashid/Assistant Professor/Chemical Engineering Department/University of Technology /Baghdad / Iraq	216-233
