No.	Article	Authors	Pages
1	Removal of Congo Red from Aqueous Solution by Circulating Fluidized Bed(CFB)	Hamza Q. Ali and Ahmed A. Mohammed	1-7
2	Thermal Performance Prediction of Indoor Swimming Pool Solar Heating System Using Different Types of Flat-Plate Solar Collectors	Laith Mohammad haddy and Abdul-Salam D. M. Hassen	8-18
3	The role of marketing in promoting the profession of architecture: The environment of Iraqi architectural offices is a case study	Jinan Hasan Madhlom	19-36
4	Study On The Vibration Amplitudes Of Reinforced Concrete Bridge Piers Using ABAQUS Software	Mais Ghassoun, Ali Algharrash and Reem Alsehnawi	37-45
5	Experimental-Analytical Study of CFRP strengthening Effect of Reinforced Concrete Beams with Web Opening under Torsion and Bending	Dareen AL Salamah , Ghandi jahjah , and Ihsan Al Tarsh	46-52
6	Experemntal and Statistical Study on the Most Important Parameters Affected on the Shear Resistance of Self- Compacting Concrete Beams Without Stirrups	Waad Ibrahim Alkhatib and Ghandy Ali Jahjah	53-62
7	Effect of Retrogression and Re-Aging Heat Treatment on Hardness, Tensile Strength and Microstructure of 7075 Aluminum Alloy	Mohamad Yehea Al nefawy and Fouad El dahiye	63-68
8	Iterative systems in sold structures and filigree structures / study in structural surface strategy	Tahreer Moneer Sahib AL-ansari and Asmaa Mohamed AL-Moqaram	69-85
9	Grafting of O-Carboxymethyl Chitosan with Acrylonitrile and Studying some of its Properties and Applications	Mohamad Radawn Bazat, Mohamad Yahay Zien AL-deen, and Hasan AL-Khamisy	86-94
10	The effect of barium sulfate as a filler on the physical and mechanical properties of nitrile rubber blends	Ali Alhaidar, Ali Ali and Mayssa Shash	95-101
